Summary

Experienced Full-Stack Web Developer proficient in the latest technology trends, adept at creating web applications to solve diverse business challenges.

Professional History

Awesome OS, Web Developer/Team Lead

February 2020 – Present

- ❖ Promoted to **Store Integration Lead**, August 2021 – Present
 - Streamlined workflows and increased productivity through efficient monitoring processes and reduced manual tasks.
 - Mentored and coached team members, fostering their growth and driving continuous improvement. Resulted in 50% of team members advancing to higher roles.
 - Collaborated with cross-functional teams to optimize workflow efficiency and ensure successful project delivery.
 - Successfully resolved Tier 1 issues, minimizing downtime and enabling smooth development progress.
- ❖ Promoted to **Store Integration Tier 2**, June 2021 – August 2021.
 - Resolved complex issues as the primary point of escalation, leveraging thorough analysis and optimal solutions.
 - Enhanced efficiency and accuracy through expertise in auto-ticketer, significantly reducing non-issue occurrences.
 - Demonstrated deep domain knowledge in Honey products, leading successful project and workflow rollouts while providing guidance to new team members.
- ❖ Previously held the position of **Store Integration Tier 1**, February 2020 – June 2021
 - Drove revenue growth through effective integration and maintenance of Honey products, while proactively resolving bugs and optimizing functionalities to ensure optimal performance.
 - Conducted in-depth research and implemented targeted enhancements for optimized work efficiency.
 - Fostered teamwork and continuous improvement through close collaboration with colleagues.

Flatworld Solutions PH, Web Developer

August 2018 – February 2020

- Developed website interfaces using HTML, CSS, JavaScript, and frontend libraries, resulting in highly engaging and user-friendly designs.
- Integrated Laravel back-end framework with GraphQL and SQL, optimizing data querying and manipulation for a seamless user experience.
- Utilized advanced OOP principles, including the repository pattern, to build scalable and efficient code, improving performance and maintainability.
- Maintained proactive and transparent communication with clients, incorporating their feedback and delivering frequent development updates to foster a collaborative project environment.
- Exceeded client expectations through rapid learning, leading to enhanced satisfaction and successful project outcomes.

Projects

1. Full Calendar in Laravel with Vue.js: [YouTube](#) | [Github Repository](#)
 - Developed Full Calendar project using Laravel for RestAPI and Vue.js for rendering.
 - Created a popular YouTube tutorial video with over 19k views, filling a gap in instructional content for the Full Calendar library.
 - Received positive feedback and requests to use the tutorial in other projects, demonstrating its value to the developer community.

2. Portfolio Website: <https://rcvioleta.github.io/portfolio/>
- Created a portfolio website using React.js and Next.js.
 - Implemented a smart scrolling behavior, where the header hides when scrolling down and reappears with a backdrop when scrolling up.
 - Utilized React hooks for the captivating typing effect on the hero page, dynamically typing and erasing the text "Simplifying your life, one web app at a time."
 - Added a touch of excellence by optimizing the website for flawless browsing across a wide range of devices, ensuring an immersive mobile experience.

Skills

- | | |
|--------------------------------------------------------------|--------------------------------------|
| 🔗 Programming Languages: HTML, CSS, JavaScript, PHP, Python | 🔗 Testing: Jest, Puppeteer, Selenium |
| 🔗 Front-End Development: React, Next.js, Vue.js, Bootstrap | 🔗 Responsive Web Design |
| 🔗 Back-End Development: Node.js, Express, Laravel, Wordpress | 🔗 Cross-Browser Compatibility |
| 🔗 Database: MySQL, MongoDB, Firebase | 🔗 Performance Optimization |
| | 🔗 Troubleshooting and Debugging |
| | 🔗 API Integration |
| | 🔗 UX/UI Principles |

Educational History

Philippine Women’s College of Davao City
Bachelor of Science in Information Technology
Graduated April 2015
